ABOUT ME

Hello! My name is Shukhrat and I am 21 years old. I have been involved in programming for 2 years. My main programming language is python. I use the Python programming language to backend the websites and program various Telegram bots. I use Django framework when programming the backend part. Sometimes I also do freelancing.

I also do 3D modeling and Game creation. I can work with programs like Blender and Unity. Basically I am very interested in creating mobile games!
